"Team of the Month"

Members of the Department's staff have been named the County's **January 2005 "Team of the Month"**.

Mike Lamb , Sean Scott , Greg Moore , Patti Collins , and John Myers - assigned to Station 18, conducted nearly 40 fire prevention and other educational presentations for roughly 3,000 kindergarten and 1st grade students in the Cascades area, including presentations that were tailored to ESL and special needs students.

This effort represents our folks "at their best" - employees who proactively sought out opportunities to meaningfully express our core values in a tangible way.

Each named employee will receive a certificate signed by the County Administrator, a day of leave with pay, and note of their accomplishments in the upcoming edition of the County newsletter.

Congratulations!
